CLIMACALOR

L'incanto delle fiamme. L'ingegno del calore.

A technical line drawing of a radiator assembly. It shows a vertical stack of five rectangular radiator panels. Above the top panel is a horizontal header pipe, and below the bottom panel is a horizontal footer pipe. A vertical pipe runs through the center of the panels, connecting the header and footer pipes. The drawing is a simple line art representation with no shading.

Monoblocchi Air

AIRPLUS HP

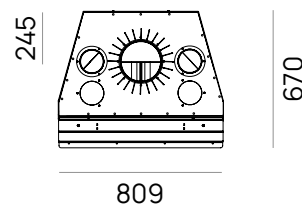

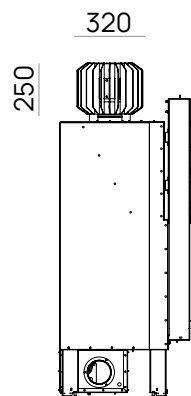

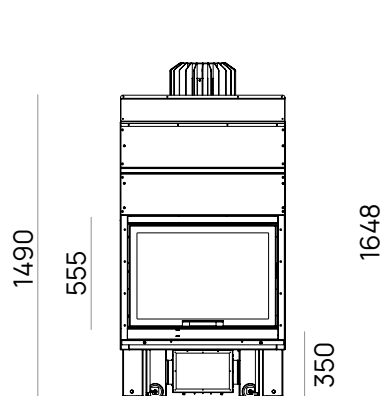

Costruiti in lamiera d'acciaio al carbonio ad altissima resistenza, hanno una struttura tutta ad intercapedine. L'anta saliscendi con vetro ceramico resistente a 750°C è dotata di guarnizioni speciali che garantiscono la tenuta ermetica. L'innovativo sistema **Heating Pipe** aumenta il rendimento e abbatte le emissioni raggiungendo prestazioni mai viste in un monoblocco a legna.
